

*Welcome to JAMM*, Fort Wayne's educational food truck. Launched by Out of a Jam, Inc. in June 2018, JAMM serves unique sandwiches fast along with homemade sweets and high-end sodas.

At JAMM, students from challenging life circumstances learn the value of hard work and serving others. After completing an 8-week foundation program where they earn a Serv Safe Food Handler certification and complete the National Retail Federation's Customer Service course, students are selected to learn and earn on the JAMM Food Truck. And after their 3<sup>rd</sup> week of on the job training, they are ready to deliver outstanding food and service to a busy community with minimal supervision.

The goal at JAMM is to raise up young adults who will use their newly acquired skills to better manage themselves and others. And, most importantly, JAMM helps each student to better understand their value and purpose. And they work fast! Every sandwich is delivered piping hot in 60 seconds or less.

We'd love to bring the JAMM Food Truck to your business or event. Contact Bernie at 260-450-2317 or go to [www.outofajamfortwayne.com](http://www.outofajamfortwayne.com) to learn more.
